Park Lawn Shredding Services

You produce it...we reduce it!

As concerns about identity theft and corporate security grow, Park Lawn steps in to help businesses and individuals meet privacy requirements through its first rate document shredding service.

All businesses have occasion to discard confidential data. Financial statements, directories, customer lists, contracts, sales statistics, labor records, personnel files, and correspondence, to name a few. Identity theft is on the rise in the United States. Keeping documents past their necessary life cycle leaves businesses and individuals vulnerable to theft, discovery, and increased storage costs.

To assure the security of your business in today's environment, document shredding is a must! We live in a world where businesses can be destroyed and lives ruined by documents that are improperly discarded. Park Lawn helps its customers improve their efforts for privacy by providing efficient reliable handling and destruction of materials.

Whether you have a few pounds or a ton of documents, Park Lawn Shredding Services has the manpower and capability to handle your shredding requirements. Pickup service is available.

Park Lawn Shredding Services
Working with businesses and individuals to protect identity and help save the environment!

Public and private companies, institutions, and individuals dealing with consumer records, payroll, financial statements, health records and other sensitive data have an obligation to destroy all information and materials in a safe, protective, and responsible manner.

Benefits of using Park Lawn Shredding Services

- Frees up employee time
- Saves cost
- Saves equipment expense
- Saves cost of equipment maintenance
- Saves waste disposal fees
- Reduces document storage costs
- Protects the environment
- Reduces risk from improper disposal

Employees That Care

Park Lawn is a non-profit organization providing programs and services to help individuals with developmental disabilities to become more independent and lead enriched and productive lives since 1955.

Shredding is part of Park Lawn's array of vocational programs that provide employment opportunities for individuals with developmental disabilities. These programs are of mutual benefit because companies receive valued services and individuals with developmental disabilities gain meaningful employment.

All employees undergo intensive training to assure accuracy and the utmost attention to detail in handling the processing of materials. Park Lawn employees care and strive to provide the best service possible.

Why Shred?

Identity theft is the biggest source of U.S. consumer fraud. Restoring credit and reputation can cost thousands of dollars.

Gain peace of mind that your company's, employee's, and customer's identities and privacy are protected.

Shredding Process

- Documents are carefully sorted to remove paper clips, staples, binders, rubber bands, hanging folders, and other non-shredable materials.
- A per pound fee is calculated on the weight of the material to be shredded.
- Documents are carefully shredded using industrial strip and cross shred equipment.
- Shredding is packaged and taken to a large Chicago-based recycling plant where it is turned into pulp and used in making new products.
