30 Years of Experience

warehouse facility

Since 1970, continuous expansion of Park Lawn's warehouse facility and production capabilities have been concentrated on meeting the growing demand for sub-contracting services.

Today more than two decades later, the Park Lawn Vocational Workshop remains a pioneering industry leader in its field. The Park Lawn Workshop continues to provide services specializing in short or long run contracts, order fulfillment, and inventory management.

order fulfillment

Services to fit any operation

Park Lawn will customize our services to meet your company's individual needs. We can help you bring your product to market quickly. Our efficient assembly operations ensure work is completed promptly and to your specification.

Conveniently Located

Park Lawn is located off Interstate 294, near all major Chicagoland expressways, making it easy to fulfill all of your shipping needs. Our services include daily online UPS shipping, local deliveries provided by Park Lawn or the use of all-points intrastate and regional carrier.

Facilities to get the job done

Park Lawn is in the heart of the Southwest Suburban Chicago business district with space to accommodate major production projects. A 50,000 square foot heated warehouse, multiple shipping and receiving docks and a full sprinkler system provide the assurance of a secure environment for all of your materials.
